CLASS DESCRIPTIONS

Hickory, Dickory, Tickle and Bounce

Hickory, Dickory, Tickle, and Bounce — Research shows the more you expose your baby to nursery rhymes and songs, the stronger those emerging language-learning skills will be. That's why these Mother Goose-like stories and rhymes are the main theme of this class. Plus, you'll develop research-proven communication strategies with your child through listening activities, speaking "parentese," and sign language. **Digital Home Materials included.**

The Rhythm of My Day

The Rhythm of My Day — This class will help you bring more rhythm and routine to your baby's day, as well as help develop lasting learning skills. We'll show you how and tell you why music can help your little one soothe into the day's schedule and help build a strong body and mind network for learning. You can bring home those same stress-free play and relaxation techniques from class, and incorporate them into your daily routines. **Digital Home Materials included.**

Fiddle-dee-dee

Fiddle-dee-dee — We'll meet many animal characters in our books, activities, and songs—each specifically chosen for a toddler's emerging interests and physical skills. With silly, bumpy lap bounces we'll help toddlers develop rhythm while further developing their ever-emerging language skills. With a special stringed instrument emphasis in the music from class, parents can bring home the violin, cello, and orchestra sounds to help their toddlers stay happy and engaged learners at home, too. **Digital Home Materials included.**

For A Child's Brain, Body, Heart & Soul.

No class Nov. 22-24th

Class schedule is subject to change.
